Mercado Aurora: Returns and Refunds Policy

Document POL-01 | Version 3 | Effective 1 March 2018 | Owner: Customer Experience

1. Purpose

This policy explains when a customer can return an item bought on Mercado Aurora, who pays for the return and how the refund is made. It applies to every seller on the marketplace.

2. Return windows

- Change of mind: the customer may return an item for any reason within 7 calendar days of the delivery date.
- Defective, damaged or not as described: the customer may return the item within 30 calendar days of the delivery date.
- Some product categories have extra conditions. These are listed in POL-11, Category Return Rules, which takes priority over this section.

The delivery date is the date the carrier records the order as delivered to the customer.

3. Condition of returned items

For a change-of-mind return the item must be unused, in its original packaging and with all accessories and manuals. Items returned as defective do not need the original packaging, but the customer must describe the fault and attach at least one photo when opening the return.

4. Who pays for return shipping

- Defective, damaged or not as described: return shipping is free for the customer. The cost is charged to the seller.
- Change of mind on an order with an item total of R$150.00 or more: return shipping is free for the customer.
- Change of mind on an order below R$150.00: the customer pays return shipping, which is deducted from the refund.

The item total is the sum of item prices and does not include freight.

5. Refunds

The refund is approved within 3 business days of the seller receiving the returned item. Once approved, the refund is paid by the original payment method:

Payment method	How the refund is paid	Time after approval
Credit card	Reversal on the card	Appears within 1 to 2 statements
Debit card	Reversal on the card	Up to 10 business days
Boleto	Bank transfer to an account in the customer's name	Up to 10 business days
Voucher	New voucher of the same value	Within 1 business day

The original freight charge is refunded only when the item is defective, damaged or not as described.

6. Items that cannot be returned

Custom-made items, perishable goods and digital products cannot be returned for change of mind. They can still be returned if they arrive defective.

7. Change history

Version 3 took effect on 1 March 2018. It extended the window for defective items from 15 to 30 calendar days and introduced free change-of-mind returns for orders of R$150.00 or more. Orders delivered before 1 March 2018 follow Version 2, under which the window for defective items was 15 calendar days and the customer always paid return shipping for a change of mind.
