Mercado Aurora: Seller Code of Conduct

Document POL-05 | Version 2 | Effective 1 July 2017 | Owner: Marketplace Integrity

1. Purpose

Every seller agrees to this code when opening a store on Mercado Aurora. Breaking it can lead to the removal of listings or the closing of the store.

2. Honest listings

- Titles, photos and descriptions must show the actual item being sold.
- Every listing must have at least 1 photo and state the item's weight and dimensions, because freight is calculated from them.
- The condition of the item (new, used or refurbished) must be stated.
- A listing must be placed in the correct product category.

3. Fair pricing

A seller must not raise a price shortly before a promotion in order to show a false discount. The reference price for a discount is the lowest price charged in the previous 30 days.

4. Payments stay on the marketplace

Sellers must not ask a customer to pay by bank transfer, cash or any method outside Mercado Aurora, and must not include contact details in listings, messages or packages for that purpose.

5. Customer data

A seller receives the customer's name and delivery address only to fulfil the order. This data must not be used for marketing, sold or shared, and must be deleted 90 days after delivery unless the law requires it to be kept longer.

6. Reviews

Sellers must not offer payment, discounts or gifts in exchange for a review, must not review their own products and must not ask a customer to change or remove a review. See POL-08, Product Reviews Policy.

7. Communication

Sellers must reply to customer messages within 24 hours, including weekends, and must be polite in all communication.

8. Enforcement

Breach	Action
First breach	Written warning and removal of the listing
Second breach within 12 months	Store suspended for 15 calendar days
Third breach within 12 months	Store closed and pending payouts held for 60 calendar days

Selling a prohibited item or asking for payment outside the marketplace leads to immediate closure of the store without a prior warning.
